

# Angel

Leona Lewis

I feel it, you feel it  
That this was meant to be  
I know it, you know it  
That you were made for me  
We can't deny this any longer  
Day by day it's getting stronger  
I want it and you want it  
It's what the people wanna see We're like Romeo and Juliet  
Families can't divide us  
Like the tallest mountain or the widest sea  
Nothing's big enough to hide us When we make love its overwhelming  
I just touched the heavens  
You're an angel  
You're an angel  
I said  
This world, this world  
Could leave us any day  
But my love for you it will never go away  
And I don't wanna go to sleep  
Cause you are like a dream  
For every night I say a prayer  
Well I swear you are the answer  
You're an angel  
You're an angel  
You're an angel So we take it and each moment our love grows  
I say it and you say it  
What we have is made of gold  
We're so filled with meaning  
Nothing can make us shallow  
So I hold it and you hold it  
The promise of tomorrow  
So when we make love it's overwhelming  
I just touch the heavens  
You're an angel  
You're an angel  
And I said This world, this world  
Could leave us any day  
But my love for you it will never go away  
And I don't wanna go to sleep  
Cause you are like a dream  
For every night I say a prayer  
Well I swear you are the answer

You're an angel  
You're an angel  
You're an angel I don't need three wishes,  
Well I just need one  
For us to never be finished,  
For us to never be done  
When they say it's over,  
We'll just say I love you  
And when they say it's finished,  
We'll just keep on building This world, this world  
Could leave us any day  
But my love for you it will never go away  
And I don't wanna go to sleep  
Cause you are like a dream  
For every night I say a prayer  
Well I swear you are the answer  
You're an angel  
You're an angel  
You're an angel This world, this world  
Could leave us any day  
But my love for you it will never go away  
And I don't wanna go to sleep  
Cause you are like a dream  
For every night I say a prayer  
Well I swear you are the answer  
You're an angel  
You're an angel  
You're an angel You're an angel  
You're an angel  
You're an angel You're an angel  
You're an angel  
You're an angel
