

# Come Under the Covers

## WALK THE MOON

Tiptoe  
Down the hall from where you live  
these floors are talkative  
but it's alright, it's alright  
so quiet  
a little house out in the woods  
and it would feel so good  
if you would stay, if you would stay  
Summer is over  
and I wanna leave you satisfied  
Summer is over  
and I can feel the cold changing us inside  
Come under the cover  
'cause I wanna leave you satisfied tonight  
in the low light  
two white shadows become one  
put your moon in my sun  
and set me on fire, set me on fire  
Summer is over  
and I wanna leave you satisfied  
Summer is over  
and I can feel the cold changing us inside  
Come under the cover  
'cause I wanna leave you satisfied tonight  
sometimes  
it's like you grew up down the street  
it's such a mystery  
the way you know me, the way you know me  
Summer is over  
and I wanna leave you satisfied  
Summer is over  
and I can feel the cold changing us inside  
Come under the cover  
'cause I wanna leave you satisfied tonight  
Summer is over  
Summer is over  
Summer is over  
Summer is over
