

Storms

Tom Odell

So long
So long living
With these heavy clouds
Following me Can't go
Can't go on running
With these muddy roads
Holding my feet Need one of these storms
One of these storms
One of these storms
To wash me clean
So long
I've spent so long
Just living
With these heavy clothes
Upon my skin So long
So long thinking
These sleepless nights
They keep me thin I need one of these storms
One of these storms
One of these storms
To wash shoes clean One of these storms
One of these storms
One of these storms
To wash shoes clean
Oh yeah One of these storms
One of these storms
One of these storms
To wash shoes clean I need one of these storms
One of these storms
One of these storms
To wash shoes clean
