## Fear Factory

Desensitized by the values of life  
Maligned and despaired by government lies  
Revenge is so strong  
I taste it on my tongue  
My gun will be  
Your angel of mercy  
Dislocated by the eyes of disdain  
Abused beyond recognition  
I can't cope with  
The madness abounding  
Blasts in my head  
Of gunfire resounding  
Firing relentless  
Killing the senses  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I am the thorn  
In your eye  
Am the thorn  
In your eye  
I am the thorn  
In your eye  
Am the thorn  
In your eye  
Revenge is so strong  
I taste it on my tongue  
My gun will be  
Your angel of mercy  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I've got no more goddamn respect  
Regret respect  
Regret respect  
Regret respect  
Regret respect
