Fear Factory

Desensitized by the values of life Maligned and despaired by government liesRevenge is so strong

I taste it on my tongue

My gun will be

Your angel of mercyDislocated by the eyes of disdain

Abused beyond recognitionI can't cope with

The madness abounding

Blasts in my head

Of gunfire resounding

Firing relentless

Killing the sensesI've got no more goddamn regrets
I've got no more goddamn respectI am the thorn

In your eye

Am the thorn

In your eyeI am the thorn

In your eye

Am the thorn

In your eyeRevenge is so strong

I taste it on my tongue

My gun will be

Your angel of mercy

I've got no more goddamn regrets

I've got no more goddamn respect

I've got no more goddamn regrets

I've got no more goddamn respect

I've got no more goddamn regrets

I've got no more goddamn respect

Regret respect

Regret respect

Regret respect

Regret respect
