

# These Days

## Jeremih & Ty Dolla \$ign

[Jeremih]

What kind of nigga do you take me for?

Ooo, is it my fault that I like to stunt 'cause I got this shit on my arm?

And you can't play me

A nigga can't shade me

If it can't fade me

You know this shit ain't me

So you can't play me

If I act a little different

[Chorus?: Jeremih]

These days

Things a little different these days

Feel a little different these days

Same old nigga

Same old nigga

I just move a little different these days

Things a little different these days

I gotta think a little different these days

Same old nigga

No I'm not trippin'

I just move a little different these-

[Ty Dolla \$ign]

Day after day go by

Can't nobody change my mind

I got money on my mind

'nother woman tried to bang my line

Turn it on waste your time

Ooo, look a nigga in his face

He had shit to say

Nigga try to take my place

Shit will get lit today

Shit will get a little too crazy [Chorus?: Jeremih]

These days
