

# Fine With Me

## Little Big Town

Everybody's gonna go downtown  
Same hang with the same old crowd  
Talking like it's just the greatest thing you've ever seen  
Telling me that if I don't go I'll be the  
one missin' out  
Yeah but I don't really think I'm gonna miss a thing  
As for myself I'm just as well with something else in mind, like  
Blue skies and amber sunshine  
As far as I can see  
It's just me and my sweet baby  
And that's just fine with me  
Lay me down in the tall green grass  
Be still and let the world go by  
Baby let our minds wander like the river does  
Or find a place we can hide away  
Where all we do is take our time  
Making life and loving sweeter than it ever was  
Take a whirlwind that life has been  
And trade it in for the freedom of  
Blue skies and amber sunshine  
As far as I can see  
It's just me and my sweet baby  
And that's just fine with me, oh yeah  
Everything's coming up roses  
Everything's feeling right  
We got the naysayers supposin'  
It may not last, yeah but it just might, it just might  
Blue skies and amber sunshine  
As far as I can see  
It's just me and my sweet baby  
And that's just fine  
Blue skies and amber sunshine  
As far as I can see  
It's just me and my sweet baby  
And that's just fine, that's just fine with me  
Fine with me, that's just fine, that's just fine with me
