

# DNA

## Little Mix

Does he tell you he loves you when you least expect it  
Does he flutter your heart when he kisses your neck  
No scientist, or biology  
It's obvious, when he's holding me  
It's only natural that I'm so affected And my heart won't beat again  
If I can't feel him in my veins  
No need to question, I already know  
It's in his dna  
D-d-d-dna It's in his dna  
And he just takes my breath away  
B-b-breath away  
I feel it every day, and that's what makes a man  
Not hard to understand  
Perfect in every way  
I see it in his face  
Nothing more to say  
It's in his d-d-d-dna  
It's the blue in his eyes that helps me see the future Fingerprints that leave me covered for days,  
yeah yeah  
Now I don't have any first degree But I know, what he does to me  
No need to work it out, it's so familiar  
And my heart won't beat again  
If I can't feel him in my veins  
No need to question, I already know  
It's in his dna  
D-d-d-dna It's in his dna  
And he just takes my breath away  
B-b-breath away  
I feel it every day, and that's what makes a man Not hard to understand  
Perfect in every way  
I see it in his face  
Nothing more to say  
It's in his d-d-d-dna  
It's all about his kiss  
Contaminates my lips Our energy connects  
It's simple genetic  
I'm the x to his y  
It's the colour of his eyes  
He can do no wrong No he don't need to try  
Made from the best  
He passes all the tests  
Got my heart beating fast

It's cardiac arrest  
He's from a different strain  
That science can't explain  
I guess that's how he's made  
In his d-d-d-dna  
It's in his dnaD-d-d-dna  
It's in his dna  
And he just takes my breath away  
B-b-breath away  
I feel it every day, and that's what makes a man  
Not hard to understand  
Perfect in every way  
I see it in his face  
Nothing more to say  
It's in his d-d-d-dna
