

# In Paris

## Charlotte OC

Dark night in Paris  
We've been running around dripping in gold  
Tell me it's fine, taking me home  
There's a fire in Paris  
There's no one around to calm me down, no one here makes a sound  
But you don't even care for me, you don't even care for me  
I don't wanna be your enemy, your enemy  
Oh, why don't you care for me, why don't you care for me  
I don't wanna be your enemy, your enemy  
Oh ooh ooh, ooh ooh, anymore, not anymore  
Your cold hands in Paris  
They've been swaying me left, swaying me right  
In the middle of a fight  
I'm embarrassed in Paris  
Tried my best, it's not enough  
I'm tired of unrequited love  
But you don't even care for me, you don't even care for me  
I don't wanna be your enemy, your enemy  
Oh, why don't you care for me, why don't you care for me  
I don't wanna be your enemy, your enemy  
I think I'd rather end up lonely than walk these streets together  
Oh, there is nothing you could show me  
I've been trapped inside this feeling forever  
Oh, but you don't even care for me, you don't even care for me  
I don't wanna be your enemy, your enemy  
Oh, why don't you care for me, why don't you care for me  
I don't wanna be your enemy, your enemy  
Oh, you don't even care for me, you don't even care for me  
I don't wanna be your enemy, your enemy  
Oh, why don't you care for me, why don't you care for me  
I don't wanna be your enemy, your enemy  
Oh ooh ooh, ooh ooh, anymore, not anymore  
Oh ooh ooh, ooh ooh, anymore, not anymore
