

Fancy

Yeah Yeah Yeahs

I find it in an atlas
Or flipping over old news
Check what's in the trash bag
Well just another part of you
Well just another part of you
I beg your pardon, beg your pardon, beg your pardon
Oh-ah! Blame me for where you are
Tell me what I gotta lose
'bout to get fancy
Well just another part of you
Well just another part of you
I beg your pardon, beg your pardon, beg your pardon
Oh-ah!
We read it
For three days
We read it
For three days
We read it
For three days
We read it
For three days
We read it
For three days
We read it
We were overlooked
Like a puzzle book
Dead in the eyes
Dead in the eyes
Watch us from the nooks, ah
We were overlooked
Like a puzzle book
Dead in the eyes
Dead in the eyes
Won't you find the next, ah
Well just another part of you
Well just another part of you
Well just another part of you
I beg your pardon, beg your pardon, beg your pardon
Oh-ah! We read it
For three days
We read it
For three days
We read it
For three days
We read it

For three days
