

# Operation Ground and Pound

## DragonForce

Smashing through the boundaries  
Storming through the burning fields  
Stand before the evil one, on towards the morning sun  
Falling under skies of pain Still we're searching endlessly  
Crashing over seven seas  
Torturing the winter sky, riding over plains of ice  
Shadows in the fields of the slain Crashing steel and raging fury  
Smash the quest, destroy their army  
Crush the legions of the twilight Templars of steel will burn  
Cry far away, as we reach for the day  
Blasting our way through the punishment and the pain  
Reach for the world, as the sky begins to fall  
Rising through the darkened ashes praying that I'll see you all  
Far away, will our eyes now see the day  
For today, the everlasting eternal sun  
Washed away, the dreams of a brighter day  
Forever hold the dream inside The chance to fight another fight  
The breaking hearts that stand for all our li-i-ives Live tonight  
Woahoooooooooh!  
Woahoooooooooooooooooh!  
Watch you die I watch you die inside  
Fear controls your life  
And reject this animosity  
That kills so many minds  
You feel the power deep within  
The fear you hold inside  
Just to find the reason for the treason  
Now you will be mine Screams of pain in death descending  
Rise again from hell defending  
Burn their heart within the fire  
Warriors of light will be slain Rise through the pain, like the sun will rise again  
Day after day but the memories never change  
Stand before the storm, as the last horizon falls  
Blinded by the vision and the innocence of our souls  
Far away, will our eyes now see the day For today, the everlasting eternal sun  
Washed away, the dreams of a brighter day Forever hold the dream inside  
The chance to fight another fight  
The breaking hearts that stand for all our li-i-ives  
Live tonight  
Far away, will our eyes now see the day  
For today, the everlasting eternal sun  
Far away, will our eyes now see the day

For today, the everlasting eternal sun  
Washed away, the dreams of a brighter day  
Forever hold the dream inside  
The chance to fight another fight  
The breaking hearts that stand for all our li-i-ives  
Live tonight
