## Tesseract

Souvenirs sustain life  
Souvenirs of flesh and bone  
Waste them all for wealth and gain  
When the time comes you'll know  
Machinery dredge the sea  
And all that's left is memory  
All the time they lie to me they suffocate  
All the time they're suffering  
So when will it end? It breaks my heart to watch  
As we rip this world we have apart  
Kill for pleasure  
Seven wonders of our history  
Endless pleasure  
Satisfaction is reality  
Careful pleasure  
No protection of ancestry  
Guilty pleasure  
No  
Machinery dredge the sea  
And all that's left is memory  
No No No No  
Machinery (No) bled the sea (No)  
You protect (No) this misery (No)  
Sacrifice (No) Sacrifice  
Machinery dredge the sea  
All that's left is memory  
All the time they lie to me they suffocate  
All the time they're suffering  
So when will it end?
