

# Follow Your Fire

## Kodaline

I remember you and me  
Back when we were 17  
Drinking, kissing in the street  
We couldn't get enough  
I see you layin' there with me  
Like my missing puzzle piece  
Dreaming of what we could be  
Couldn't make you up We had the songs and we sang along to  
you had the moves to make me dance with you  
I always saw you reaching and catching stars  
We had the thing that everyone wanted  
Hung on your sleeve, you wore your heart on it  
Did you get out I'm wondering where you are?  
Did you follow your fire, fire?  
We had the songs and we sang along to  
you had the moves to make dance with you  
I always saw you reaching and catching stars  
(did you follow your fire, fire?)  
We had the thing that everyone wanted  
Hung on your sleeve, you wore your heart on it  
Did you get out I'm wondering where you are?  
Did you follow your fire, fire?  
Did you follow your fire? The time we stole your daddy's car  
And drove around till' it got dark  
We slept outside in Phoenix park  
We couldn't get enough We promised that we never part  
On the tree, under the stars  
We carved our names into the bark  
To be there when we're not  
We had the songs and we sang along to  
you had the moves to make me dance with you  
I always saw you reaching and catching stars  
We had the thing that everyone wanted  
Hung on your sleeve, you wore your heart on it  
Did you get out I'm wondering where you are?  
Did you follow your fire, fire? We had the songs and we sang along to  
you had the moves to make me dance with you  
I always saw you reaching and catching stars  
(did you follow your fire, fire?)  
We had the thing that everyone wanted  
Hung on your sleeve, you wore your heart on it  
Did you get out I'm wondering where you are?

Did you follow your fire, fire?

Oh, oh, oh

Did you follow your fire, fire?

Oh, oh, oh

Did you follow your fire, fire?

Oh, oh, oh

Did you follow your fire, fire?

Oh, oh, oh I remember you and me

Back when we were 17

Drinking, kissing in the street

We couldn't get enough We had the songs and we sang along to

you had the moves to make me dance with you

I always saw you reaching and catching stars

(did you follow your fire, fire?)

We had the thing that everyone wanted

Hung on your sleeve, you wore your heart on it

Did you get out I'm wondering where you are?

Did you follow your fire, fire?

Oh, oh, oh

Did you follow your fire, fire?

Oh, oh, oh

Did you follow your fire, fire?

Oh, oh, oh

Did you follow your fire, fire?

Oh, oh, oh
