

# Walk the Sky (feat. Various Artists)

## Fuel

My skin is my shield  
But who's to save me from inside  
Wretched as if  
To procreate from genocide See how it tried to fly  
Wings that are kryptonite I wanted to feel this  
I'm thinking of trying to fly  
'Cause if I get my ins  
I'll walk the sky  
All that is ill  
And all I fight to keep inside  
Grips me until  
The point of breaking's no surprise See how it tried to fly  
Wings that are kryptonite I wanted to feel this  
I'm thinking of trying to fly  
'Cause if I get my ins  
I'll walk the sky I wanted to feel this  
I'm thinking of trying to fly  
'Cause if I get my ins  
I'll walk the sky  
I wanted to feel this  
I'm thinking of trying to fly  
'Cause if I get my ins  
I'll walk the sky
