

The Girl Is Mine (feat. Destiny's Child & Brandy)

99 Souls

Excuse me, can I please talk to you for a minute? Take a minute girl, come sit down

What's been happening? What's been happening?

Take a minute, take a minute girl

Take a minute girl, come sit down

What's been happening? What's been happening?

Take a minute, take a minute girl

Come too far for you to feel alone

Don't let him walk over your heart

We've come too far for you to feel alone

In your face I can see passion

Come too far for you to feel alone

Don't let him walk over your heart

We've come too far for you to feel alone

In your face I can see passion

It's not hard to see, the girl is mine

It's not hard to see, the girl is mine

It's not hard to see, the girl is mine

It's not hard to see, the girl is mine

Excuse me, can I please talk to you for a minute?

You're my girl, you're my

You're my girl

You're my girl, you're my girl Take a minute girl, come sit down

What's been happening? What's been happening?

Take a minute, take a minute girl

Take a minute girl, come sit down

What's been happening? What's been happening?

Take a minute, take a minute girl

Come too far for you to feel alone

Don't let him walk over your heart

We've come too far for you to feel alone

In your face I can see passion

Come too far for you to feel alone

Don't let him walk over your heart

We've come too far for you to feel alone

In your face I can see passion

It's not hard to see, the girl is mine

It's not hard to see, the girl is mine

It's not hard to see, the girl is mine

It's not hard to see, the girl is mine Think it's time we got this straight, let's sit and talk face to

face

There's no way I could mistake, the girl is mine
Think it's time we got this straight, let's sit and talk face to face
There's no way I could mistake, the girl is mine Excuse me, can I please talk to you for a
minute?

It's not hard to see, the girl is mine
It's not hard to see, the girl is mine
It's not hard to see, the girl is mine
It's not hard to see, the girl is mine
Excuse me, can I please talk to you for a minute?
