Blak and Blu

Gary Clark Jr.

When you're feeling down and out When you're feeling black and blue You should feel like you can come to me And I'll tell you the truthYet somewhere we got twisted How do we get lifted? How did we not go insane?For so long we've existed Still we are resisted Why is it we still remain? Black and blue, yeah Black, black and blue Oh no, don't leave me Black and blue, yeah Black, black and blue Oh no, don't leave meThey say you get just what you paid for And that you reap just what you sow So, you won't get everything you pray for Surprises me that you don't know, by now I need something to hold on to While the world is spinning 'round and 'round It could crumble any moment I keep my feet on solid ground, for now
