

# Good Things (R3HAB Remix)

Wafia

Take a picture  
It'll last a little longer than the view right now  
Stare me up and down A lotta people  
Run away from all the shade that people throwin' out  
Ain't it funny how I live for these moments  
I love when they notice  
That my glow is gold, yeah, baby I'm shinin'  
It's always a good day  
To rub you the wrong way  
I admire the way you keep on trying  
'Cause there's nothing like an enemy  
To bring that good shit out of me  
Boostin' up that energy  
To remind that I got good things goin'  
Nothing like an enemy  
Swimming in their jealousy  
All it ever does to me  
Is remind me I got good things goin' on I got good things goin' on  
(Yeah, yeah)  
I got good things goin' on How you doin'?  
Hear you mumble in the back, feel a type of way  
Say it to my face (Oh-oh, oh-oh)  
'Cause the truth is  
I'ma feed off the dream of the things you say  
Tonight, I'll be sleeping like a baby  
I live for these moments  
I love when they notice  
That my glow is gold, yeah, baby I'm shinin' (Shinin')  
It's always a good day  
To rub you the wrong way  
I admire the way you keep on trying 'Cause there's nothing like an enemy  
To bring that good shit out of me  
Boostin' up that energy  
To remind that I got good things goin'  
Nothing like an enemy  
Swimming in their jealousy  
All it ever does to me  
Is remind me I got good things goin' on I got good things goin' on  
I got good things goin' on (Yeah, yeah)  
I got good things goin' on (Yeah, yeah)  
I got good things goin' on Ooh, ooh, ooh  
Yeah It's always a good day

To rub you the wrong way  
I admire the way you keep on trying 'Cause there's nothing like an enemy  
To bring that good shit out of me  
Boostin' up that energy  
To remind that I got good things goin'  
Nothing like an enemy  
Swimming in their jealousy  
All it ever does to me  
Is remind me I got good things goin' on I got good things goin' on  
I got good things goin' on (Yeah, yeah)  
I got good things goin' on (Yeah, yeah)  
I got good things goin' on
