

Bye Bye Bye (feat. Jvck James and Chronixx)

Shy FX

[Verse 1: JVCK JAMES]

She said, do you wanna be loved?
Do you wanna be touched like you never been?
If I gave you my heart, would you pull it apart and make a runway?
I don't wanna play silly games, we grown now
Daddy never stayed, so if you're the same, you can run now [Chorus: JVCK JAMES]
And I said bye bye bye (bye bye bye, ooo)
I don't wanna be tired
I said bye bye bye, yeah
I said bye bye bye (bye bye bye, ooo) yeah
I don't wanna be tired
I said bye bye bye, yeah

[Verse 2: JVCK JAMES]

She calling 999
Pull her heart down down to the gutter, uh
She think she Bonnie and I'm Clyde
Well, we can play it for a night, ooh
But if you search, you'll find
I'm not looking for no love tonight
No, I don't want that ?
But you're too fast, wanna jump the line [Chorus: JVCK JAMES]
So, I said bye bye bye (bye bye bye, ooo)
I don't wanna be tired
I said bye bye bye, yeah
I said bye bye bye (bye bye bye, ooo) yeah
I don't wanna be tired
I said bye bye bye, yeah

[Bridge: Chronixx]

Yeah, she said hold on, baby, why you leaving?
I thought we had a love that we believed in
You're running from yourself, I hope you find what you're looking for out there on the other side
'Cause there ain't no love out there in a world so cold
Baby, I got this fire in my soul
I know you thought you had me under your control
You can't control an animal
[Chorus: JVCK JAMES]
So, I said bye bye bye (bye bye bye, ooo)
I don't wanna be tired
I said bye bye bye
Yeah, ooh, yeah
