

# One By One

## Unkle Bob

He stands alone outside the blooming yard  
all is calm there on the street  
the shadows pass him hung right over  
the pain on his face he knew he'd keep  
his hair is long and it's twisted, it's twisted  
around the smile spread cheek to cheek  
another child another soul grabs a hold  
to the metal that will end his miseryOne by one  
we stand beneath the sun  
with his arms open wide  
two by two  
he's getting you  
to watch him as he leave this life he knew  
How much anger is set aside  
as each one of us cries  
red lightsd they come and take him away  
in the thoughts he'll be better some day  
tied tight can't see out your eyes  
that he's sure to shine, sure to shine  
in this deep dark played out reality show  
so who's the man with the plan  
don't you see, don't you see...One by one  
we stand beneath the sun  
with his arms open wide  
two by two  
he's getting you  
to watch him as he leave this life he knew  
Do you ever think that things are meant to be?  
I know we all have our reasons why  
and now the power of the human being  
has gone and changed so many livesOne by one  
we stand beneath the sun  
with his arms open wide  
two by two  
he's getting you  
to watch him as he leave this life he knewOne by one  
we start to come undone  
two by two  
he's getting through to you...One by one we stand, we stand over  
over you...
