## Victim of the Paranoid

## **Six Feet Under**

I can't take it anymore Got me hiding from myself They put me away long ago Another P.O.W.Lost my mind now twenty years Let it slip not too far gone Can't go on another day Freedom in this day and ageIt's all just a fucking game

I'm not the criminal

I'm not the one to hate

Thrown away into the void

A victim of the paranoid

Victim of the paranoid

A victim of the paranoid

Victim of the paranoid

A victim of the paranoidI feel like I'm living in another dimension Misled minds keep on spreading confusion Kill, kill, I want to kill them all And put an end to their fascist laws

Open

Open your mindVictim of the paranoid

A victim of the paranoid

Victim of the paranoid

A victim of the paranoid

It seems like such a waste of time

We all can't be this fucking blind

As I sit and wonder why

One more mind is locked inside
