

Immunize (feat. Liam Howlett)

Pendulum

We go forth and multiply!
Nerves are shaking from the decadent light! We go forth and multiply!
Nerves are shaking from the decadent light! We'll be a little slow
When you're going to die!
And when you're getting low
We'll raise the tide!
We'll be a little slow
When you're going to die!
We go forth and multiply!
Nerves are shaking from the decadent light! We'll be a little slow
When you're going to die!
And when you're getting low
We'll raise the tide!
We'll be a little slow
When you're going to die! We go forth and multiply!
Nerves are shaking from the decadent light! We go forth and multiply...
We go forth and multiply...
We go forth and multiply...
We'll be a little slow
When you're going to die!
And when you're getting low
We'll raise the tide!
We'll be a little slow
When you're going to die! We go forth and multiply!
Nerves are shaking from the decadent light!
