

# Opening Up (+ Ce Soir On Danse Interlude)

## Chromeo

Yay-yay-yay-yeah  
Baby girl, you got me losing my cool  
Ever since I started over with you  
It's like you got me opening up I thought I'd be a Casanova  
Ever since me and Needy Girl broke up  
But now the lonely days are over  
She's back 'cause she's got me opening up (Opening Up, Opening Up) She's got me crying in the  
movies  
She's got me calling her after school  
I don't know what has got into me  
'Cause I can't stop myself from acting like a fool  
When I want it  
When I need it  
When my heart goes Boom Boom Boom  
Everytime I feel it  
I can't call it  
Can't live without it  
Tell me what number to dial  
'Cause I've been strung out for a while  
She's got me opening up Yay-yay-yay-yeah  
Baby girl, you got me losing my cool  
Ever since I started over with you  
It's like you got me opening up  
Don't take it as some kind of diss  
I'm trying to be autonomous  
But everytime you're gonna miss  
Your type of touch, your type of kiss  
I never thought I'd be monogamous  
I guess that is not a myth  
I won't be having none of this  
Calling Lovers Anonymous Yay-yay-yay-yeah  
Baby girl, you got me losing my cool  
Ever since I started over with you  
It's like you got me opening up
