

Bullet

Jana Kramer

bulle-e-e-e-e-t

...

had the song picked out

had the preacher on call

had my momma in tears she didn't like him at all

but I loved him

yah i really thought i loved him

thank God i dodged your bulle-e-e-e-t

thank God i didn't do i-i-i-i-t

no empty shells on the ground

and you're no where to be found

cause once the trigger is pulled

it's impossible

to dodge a bullet

no more your dragging your dollar coarsing around on chain(?)

no more knock down, shouting driving me insane

yah i really thought i loved him

now I'm never thinkin' of him

Thank God i dodged a bulle-e-e-e-t

thank God i didn't do i-i-i-i-t

no empty shells on the ground

and you're no where to be found

cause once the trigger is pulled

it's impossible

to dodge a bullet

close call, almost got shot down

thank you for showing me what i don't want

oooh aoooh

i dodged a bullet

i dodged a bulle-e-e-e-t

thank God i didn't do i-i-i-i-t

no empty shells on the ground

and you're no where to be found

i dodged a bulle-e-e-e-t

thank God i didn't do i-i-i-i-t

no empty shells on the ground

and you're no where to be found

cause once the trigger is pulled

it's impossible

to dodge a bullet

had the song picked out

had the preacher on call
