

Neon Lights

Orchestral Manoeuvres In the Dark

Neon lights
Shimmering neon lights
And at the fall of night
The city's made of light
Neon lights
Shimmering neon lights
And at the fall of night
The city's made of light I dream of you
With me tonight
We're all alone
Under the neon lights
And walking home
You're by my side
The neon lights
Are in our eyes
Neon lights
Shimmering neon lights
And at the fall of night
The city's made of light
Neon lights
Shimmering neon lights
And at the fall of night
The city's made of light
