

She's My 11

Keith Urban

I'm a lucky man, yes, I am
Living in Heaven down here on earth
Her Tennessee smile drives me wild
Don't you know, I know what its worth
Shes every little thing in life that makes me feel good
She's my radio turned up to 11
She's my country song that I just gotta sing along to
So fine, so fine, like the finest wine
Shes my blue-eyed dream, my summer queen
I can't believe shes mine, all mine
Mine, all mine, all mine
Mine, all mine, all mine
That cool breeze kiss from her lips
Is what I'm missing when I'm gone
To tell the truth my heart's shot through
When it comes to love, she can do no wrong
Shes every little thing in life that makes me feel so good
She's my radio turned up to 11
She's my country song that I just gotta sing along to
So fine, so fine, like the finest wine
Shes my blue-eyed dream, my summer queen
I can't believe shes mine, all mine
Mine, all mine, all mine
Mine, all mine, all mine
Whoa, oh, whoa, oh, oh
She got my heart skippin a beat
Whoa, oh, whoa, oh, oh
She got me dancin in the street
She's my radio turned up to 11
She's my country song that I just gotta sing along to
So fine, so fine, like the finest wine
Shes my blue-eyed dream, my summer queen
I can't believe shes mine, all mine
Mine, all mine, all mine
Mine, all mine, all mine
Mine, all mine, all mine
