Rider

Phora

Baby I just need a rider, a rider I need you right beside me, right beside me Baby I can take you higher, higher, higher Baby I just need a rider, a rider I need you right beside me, right beside me Baby I can take you higher, higher, higher Baby I just need a rider, a rider I need you right beside me, right beside me Baby I can take you higher, higher, higher Ain't no question girl, you a rider for sure I need someone who's down for me Through my highs and my lows We're just lost in the city, still ain't got nowhere to go So we're just riding around, taking it slow Look, blessings I'm just counting my blessings Baby, I just need a break Need to get away, I been stressing You been all on my mind I need you by my side though Pretty face and them thick legs But I'm really feeling your vibe though Girl, I just need me a rider Need you right here beside me Girl just tell me you're down for me baby, I'll take you higher Look, roll up, let's ride, you know a nigga from the west side Have you feeling like cloud 9 I'ma take you up where the jets fly, look Just riding through the city when I seen you Told you I was only meant for you, I'll never leave you Girl, you know you always on my mind, you know I need you Girl I need you, need you, yeahI need more love, less doubts Had to go and cut my ex out Momma told me I'm too young And I'm too blessed to be stressed out Baby I just need real love, you know the type you just feel loved I just need me a rider chick that Jada Pinkett that Will love

I just need me a ride or die
I just need me a girl to talk about getting money instead of getting high
Up in a plane, up in the sky and Henny still in my system
Baby girl you everything I been missingBaby I just need a rider, a rider

So tell me girl is you down?

I need you right beside me, right beside me
Baby I can take you higher, and higher, higher
Baby I just need a rider, a rider
I need you right beside me, right beside me
Baby I can take you higher, and higher, higher
Baby I just need a rider, a rider
I need you right beside me, right beside me
Baby I can take you higher, and higher, higher
