## Seether

You could've been the real one  
You could've been the one enough for me  
You could've been the free one  
(The broken down and sick one)  
Remnant of a vacant life You come around when you find me faithless  
You come around when you find me faceless Fuck me like you hate me  
(Dig it up and tear it down)  
Dig it up and whore me out  
Fuck me like you hate me  
(Dig it up and tear it down)  
I love the sound when you come undone  
You could've been the next one (god only knows)  
You could've been the one to comprehend me  
You could've been the only one  
(the broken down and sick one)  
You could've been the one who I lie with You come around when you finally face this  
You come around when you find me faceless Fuck me like you hate me  
(Dig it up and tear it down)  
Dig it up and whore me out  
Fuck me like you hate me  
(Dig it up and tear it down)  
Don't make a sound until I come undone You'll never break me  
You'll never break me  
You'll never break me  
You could've been the real one  
You could've been the last one I lie with  
You could've been the old one  
I should of been the one who died You come around when you finally face this  
You come around when you find me faceless Fuck me like you hate me  
(Dig it up and tear it down)  
Dig it up and whore me out  
Fuck me like you hate me  
(Dig it up and tear it down)  
I love the sound when you come undone Fuck me like you hate me  
(Fuck me like you hate me)  
Fuck me like you hate me  
(You'll never break me)  
Fuck me like you hate me  
(Dig it up and tear it down)  
You come around when you find me faceless
