

# Greenwood, Mississippi

## Little Richard

Well I've been on the road  
for a long time  
met a lot of women  
had to leave them all behind  
'cause I want to go back  
to the land I love  
where Magnolia smells sweet  
and white cotton is warmChorus  
Take me on back  
Back to the country  
Take me on down, down  
Greenwood MississippiOld farmer John  
he lives down the road  
works in the fields  
carryin' a heavy load  
He don't have to worry  
'bout a thing  
'cause evryday now  
you can hear him sing  
Chorus
