

# Next To You (feat. Rvssian)

## Becky G, Digital Farm Animals & Rvssian

Hey Rvssian Do you remember when I met you in the summer? Sipping wine, we talked for hours through the night

And you asked me if I'd like to know your number

For me to call and say that I got home alright But oh, it felt so deep

I had a lot on my mind

I wasn't ready to find you

But I was so naive

I do this everytime

I wish that I could rewind it Are we a drop in the ocean? Oh

Oh, I know that I let you down

All along I was searching for something new

Oh-oh, and I should've been there right next to you

Uh-uh-uh, I should've been there right next to you

I should've been there right next to you Do you remember all the cold nights in the winter?

We drove for hours so that we could be alone

And I've been making up excuses just to call ya

You told me you'd do anything and by the phone (Yeah-yeah) But oh, it felt so deep

I had a lot on my mind

I wasn't ready to find you

'Cause I was so naive

I do this everytime

I wish that I could rewind it Are we a drop in the ocean? Oh (Are we?)

Oh, I know that I let you down (Let you down, let you down, yeah)

All along I was searching for something new

Oh-oh, and I should've been there right next to you

Uh-uh-uh, I should've been there right next to you

I should've been there right next to you

I should've been there right next to you Cuando te acuerdes esa noche junto al mar

Hacieno cosa' que no pudiste olvidar

Yo sé que contigo me portaba muy mal

Pero nunca imagine que llegaría el final

Sabe' que quiero tenerte a mi lado

Sabe' que también a mí estás acostumbrado

Olvida los errores del pasado

I should've been right next to you
