

# Toca Me (Inpetto 2008 Edit)

## Fragma

if your gonna save the day  
and your hearing what i say  
i feel your touch, your kiss  
is not enough  
and if you believe in me  
dont think my loves for free  
i wont take nothing less  
than a deeper love(chorus)  
let me tell you, you  
you know  
IIIIIII, i need a miracle  
i need a miracle  
its more than physical  
what i need to feel from you  
tell me that you understand  
and you take me as i am  
youll always be the one to give me everything  
just as i thought no-one cares  
your the answer to my prayers  
you lift my spirits high  
come on and rescue me let me tell you, you  
you know  
IIIIIII, i need a miracle  
I need a miracle  
its more than physical  
what i need to feel from you let me tell you, you  
you know  
IIIIIII, i need a miracle  
I need a miracle  
its more than physical  
what i need to get me through  
heyyyyyy,  
i need a miracle, i need a miracle  
ohhhhhh ohhhhhh,  
i need a miracle, i need a miracle let me tell you, you  
you know  
IIIIIII, i need a miracle  
I need a miracle  
its more than physical  
what i need to get me through let me tell you, you  
you know  
IIIIIII, i need a miracle

i need a miracle  
its more than physical  
what i need to feel from you
