

# Unless I'M With You

Jackson Wang

[pre Chorus]

I don't wanna die babe  
Unless i'm by your side babe  
I need you in my life?babe  
Yeah?i need you?tonight babe[Chorus]  
Cause i don't wanna fade?away away  
I don't wanna fade away today  
I ain't gotta fade away away  
Unless i'm with you girl  
Unless i'm with you girl

[verse 1]

Lately i've been going thru it all  
I got here, lets hop and dive off  
And your all the only one that i can call  
I wish i could spend all my time with you  
I wish i could spend a day on the line with you  
I'm always working instead  
Scattered to my head

When all that ever mattered was you[pre Chorus]

I don't wanna die babe  
Unless i'm by your side babe  
I need you in my life babe  
Yeah i need you tonight babe

[Chorus]

Cause i don't wanna fade away away  
I don't wanna fade away today  
I ain't gotta fade away away  
Unless i'm with you girl

Unless i'm with you girl[verse 2]

All i see is you when i close my eyes  
Wanna go to you and hold you by my side  
I don't play around not the kinda guy  
Wanna do it right before you say goodbye  
Look at you, photos make me smile  
Thinkin' about, since it's been a while  
Wondering, thinking what you up to lately  
Open baby i can see u when they make me[pre Chorus]

I don't wanna die babe  
Unless i'm by your side babe  
I need you in my life babe  
Yeah i need you tonight babe[Chorus]  
Cause i don't wanna fade away away

I don't wanna fade away today  
I ain't gotta fade away away  
Unless i'm with you girl  
Unless i'm with you girl[outro]  
I don't wanna die babe  
Unless i'm by your side babe  
I need you in my life babe  
Yeah i need you tonight babe
