## **It's Your Life**

## Francesca Battistelli

This is the moment It's on the line Which way you gonna fall? In the middle between Wrong and right But you know after allIt's your life What you gonna do? The world is watching you Every day the choices you make Say what you are and who Your heart beats for It's an open door It's your life Are you who you always said you would be? With a sinking feeling in your chest Always waiting for someone else to fix you Tell me when did you forgetIt's your life What you gonna do? The world is watching you Every day the choices you make Say what you are and who Your heart beats for It's an open doorTo live the way that you believe This is your opportunity To let your life be one that lights the way It's your life What you gonna do? The world is watching you Every day the choices you make Say what you are and who Your heart beats for It's an open doorIt's your life What you gonna do? The world is watching you Every day the choices you make Say what you are and who Your heart beats for It's an open door It's your life It's your life
