

Cross My Heart

S Club 7, Nick Ingman, London Session Orchestra & Isobel

Cross my heart
We say
Cross my heart
I'll be We got it all
And we'd be fools to let it go
Cos I need you more and more
Cos you're my life and I live
For your love that you give
And although my journey's long, I'll soon be home
O-o-o-o-oh
It's gonna be so hard on my o-o-o-own
But I won't be alone
Cross my heart and tell no lies
No-one's leaving you behind
Just because we say goodbye, baby
Cross my heart I do believe
In my thoughts and in my dreams
I'll be taking you with me, baby
Sometimes I think
That I can feel you breathin' on me
You're there so deep inside
And I like, what I feel
Though it's not always real
It helps me carry on, till I come home
O-o-o-o-oh
It's gonna be so hard on my o-o-o-own
But I won't be alone
Cross my heart and tell no lies
No-one's leaving you behind
Just because we say goodbye, baby
Cross my heart I do believe In my thoughts and in my dreams
I'll be taking you with me baby
Dream a dream a dream a dream a dreamin'
Wherever you are you're near me
Please believe believe believe believe in Whatever I say I cross my heart
Cross my heart and tell no lies No-one's leaving you behind
Just because we say goodbye, baby
Cross my heart I do believe
In my thoughts and in my dreams
I'll be taking you with me, baby
Cross my heart and tell no lies

No-one's leaving you behind
Just because we say goodbye, baby
Cross my heart I do believe
In my thoughts and in my dreams
I'll be taking you with me, baby
(repeat to end)
