

No Way

Fifth Harmony

I know you don't want me anymore by the look on your face
They say when it rains it pours, you can tell by my face
Oh and I know, and you know that we've been here before
I think I know how it should end We got an audience calling us crazy
We ignore those with opinions of hate
We're not like the rest of them, friends with insanity as of lately Everyone comes with scares but
you can love them away
I told you that I wasn't perfect, you told me the same
I think that's why we belong together and unashamed
I told you that I wasn't perfect, no way
Way, way, no way, no way
When I look in your eyes I see through to my soul
I know the core of you is good, you're my tarnished hero
Oh and I know, and you know how our story is told
Only we know what it is We got an audience calling us crazy
We ignore those with opinions of hate
We're not like the rest of them, friends with insanity as of lately
Everyone comes with scares but you can love them away
I told you that I wasn't perfect, you told me the same
I think that's why we belong together and unashamed
I told you that I wasn't perfect, no way
Way, way, no way, no way, no way
