

# Wildfire

## Crowder

Down in that lonesome valley  
Doubt is a killer  
Neck deep in the swamp I hear it  
Saying I'm a sinner How far is east from west  
How deep is the deepest sea  
How wide are the arms of grace  
How empty is the grave Wildfire  
Came down from the mountain  
Wildfire  
Fell down on me  
Wildfire  
Wildfire from the mountain  
Wildfire  
Done set me free  
Wildfire  
Came down from the mountain  
Wildfire  
Fell down on me  
Wildfire  
Wildfire from the mountain  
Wildfire  
Done set me free Yeah, Lord  
Take my hand  
Yeah, Lord  
Take my hand  
Take my hand We got holy revival  
I feel a ghost here  
Already won the battle  
No need for no fear  
Got you from east to west  
Got you from scared to brave  
Got you from broke to blessed  
Come see the empty grave Wildfire  
Came down from the mountain  
Wildfire  
Fell down on me  
Wildfire  
Wildfire from the mountain  
Wildfire  
Done set me free Wildfire  
Came down from the mountain  
Wildfire

Fell down on me  
Wildfire  
Wildfire from the mountain  
Wildfire  
Done set me free Yeah, Lord  
Take my hand  
Yeah, Lord  
Take my hand  
Take my hand Testify  
Purify  
Glorify  
Justified Testify, I'm living proof  
Purified all thanks to You  
Glorify is all I wanna do  
Come alive, we burn for You  
We burn for You  
We burn for You  
We burn Wildfire  
Came down from the mountain  
Wildfire  
Fell down on me  
Wildfire  
Wildfire from the mountain  
Wildfire  
Done set me free Wildfire  
Came down from the mountain  
Wildfire  
Fell down on me  
Wildfire  
Wildfire from the mountain  
Wildfire  
Done set me free Yeah, Lord  
Take my hand  
Yeah, Lord  
Take my hand  
Take my hand
