

# Baby You're My Light (Soundtrack Version)

[Richard Hawley](#)

First time the longing in you wears the girl that grows it  
And if he relieves you know that then you've blown it  
And as life goes on you know you get to taste  
All you find  
'Cos baby, you're my light  
Baby you're my light  
Next time the feeling is the same, don't have to show it  
A window of belief is where you own it  
And as life goes on you know you have to face  
All you find  
'Cos baby, you're my light  
Baby, you're my light  
Baby, you're my light  
Baby, you're my light  
Last time the years have gone the moment's on you know it  
But I believe in you and now I'll show it  
And as life goes on you know you don't have to hate  
All you find  
Baby, you're my light  
Baby, you're my light  
Baby, you're my light  
Baby, you're my light  
Baby, you're my light
