

Spaghetti

Emblem3

Yeah, put your hands up, put your hands up
Ratadaradoodoo put your hands up (like yeah), put your hands up (like yeah)I don't need to be
impressive, I don't need to run the game
I don't want to keep on chasing, let it all just come my wayBut hey ayeee ee ayee ee
everything's gonna be alright, alrightI don't need no bumping music, all I need is my guitar
I don't need no late night cruising, I don't even got a carBut hey ayeee ee ayee ee everything's
gonna be alright, alrightI wanna lay low, not just cause I'm broke
I wanna stay home and have a kick back tonight.
Sorry not sorry, am I (I, I ooh)Let's ditch the party ignore everybody
And we'll make spaghetti and it'd be all heady
Like, ayeee ee ayee ee everything's gonna be alright, alright
So don't fear tomorrow, let that be the motto
And just pass the bottle and we'll make it hollow
Like, ayeee ee ayee ee everything's gonna be alright, alright, tonight
I don't want no debby downer, I just wanna keep my buzz
I don't wanna know no drama, we don't gotta trip becauseAyeee ee ayee ee everything's gonna
be alright, alrightI wanna lay low, not just cause I'm broke
I wanna stay home and have a kick back tonight.
Sorry not sorry, am I (I, I ooh)Let's ditch the party, ignore everybody
And we'll make spaghetti and it'd be all heady
Like, ayeee ee ayee ee everything's gonna be alright, alright
So don't fear tomorrow, let that be the motto
And just pass the bottle and we'll make it hollow
Like, ayeee ee ayee ee everything's gonna be alright, alright tonightHey hey, alright,
everything's gonna be alright
Hey hey, alright, everything's gonna be alright
Hey hey, alright, everything's gonna be alright
Hey hey, alright, everything's gonna be alright
Let's ditch the party ignore everybody
And we'll make spaghetti and it'd be all heady
Like, ayeee ee ayee ee everything's gonna be alright, alright
So don't fear tomorrow, let that be the motto
And just pass the bottle and we'll make it hollow
Like ayeee ee ayee ee everything's gonna be alright, alright tonightLet's ditch the party ignore
everybody
And we'll make spaghetti and it be all heady
Like ayeee ee ayee ee everything's gonna be alright, alright
