

## Alone With You (Maddie's Song)

## Ne-Yo

Don't you ever let it cross your mind  
 That I wouldn't gladly climb  
 Any mountain you could find  
 Just to be with you girl And don't you ever let your heart believe  
 That I wouldn't happily  
 Swim across whatever sea  
 Just to be alone with you Just to be alone with you  
 Just to be alone with you  
 Just to be alone with you Don't you even for a single day  
 Think that I would ever play  
 With your heart and throw it away  
 See I want to be with you  
 And if there ever was a single doubt  
 Somewhere in your mind about... me  
 This should help you figure out  
 What I do, to be alone with you Just to be alone with you  
 Baby just to be alone with you  
 Just to be alone with you  
 Baby just to be alone with you  
 Just to be alone with you  
 Baby just to be alone with you  
 Just to be alone with you Oooooo Lalalalalalalalala...  
 Lalalalalalalalalala...  
 Lalalalalalalalalala... Said sing it with me now  
 Lalalalalalalalalala  
 Lalalalalalalalalala  
 Lalalalalalalalalala Just to be alone with you you  
 Baby just to be alone with you  
 Just to be alone with you you  
 Baby just to be alone with you babe  
 Just to be alone with you  
 Just to be alone with you, you babe  
 Just to be alone with you  
 Baby just to be alone with you babe  
 With you babe  
 With you baby Lalalalalala  
 Lalalala  
 Lalalalalalala
