Alone With You (Maddie's Song)

Ne-Yo

Don't you ever let it cross your mind
That I wouldn't gladly climb
Any mountain you could find
Just to be with you girlAnd don't you ever let your heart believe
That I wouldn't happily
Swim across whatever sea
Just to be alone with youJust to be alone with you
Just to be alone with you

Just to be alone with youDon't you even for a single day

Think that I would ever play

With your heart and throw it away

See I want to be with you

And if there ever was a single doubt

Somewhere in your mind about... me

This should help you figure out

What I do, to be alone with youJust to be alone with you

Baby just to be alone with you

Just to be alone with you

Baby just to be alone with you

Just to be alone with you

Baby just to be alone with you

Just to be alone with youOooooLalalalalalalalalala...
