Slow Life (with Victoria Legrand)

Grizzly Bear

I think I know whats on your mind A couple words, a great divide Waiting in the wings, a small respite Crowding up the foreground from behindEven though youre the only one I see It's the last catastrophe Place your bets on chance and apathyTake anything you want, its fine Keep up the slow life for the night Dont take it back, Ill just deny This constant noise all the time Even though youre the only one I see It's the last catastrophe Place your bets on chance and apathy From the wind in front of me Even though youre the only one I see It's the last catastrophe Place your bets on chance and apathy From the wind in front of meEven though you're the only one I see
