

# Red Umbrella

Faith Hill

1st Verse Sometimes life can get a little dark  
I'm sure I've got bruises on my heart  
Here come the black clouds full of pain  
Yeah, you can break away without the chains  
Pre Chorus Your love is like a red umbrella  
Walk the streets like Cinderella  
Everyone can see it on my face  
Chorus  
(So) let it rain  
It's pourin' all around  
Let it fall  
(No) it ain't gonna drown me  
After all  
I'm gonna be okay  
(So) let it rain  
(Oh, let it rain)  
(Let it fall)  
(I'm gonna be okay)  
(So let it rain)  
2nd Verse You can wear your sorrow like an old raincoat  
You can save your tears in a bottle made of gold  
But the glitter on the sidewalk always shines  
Yeah, even God needs to cry sometimes  
Pre Chorus Your love is like a red umbrella  
Always there to make me better  
When my broken dreams  
Are fallin' from the sky  
(Repeat Chorus)  
Bridge Let it wash my tears away  
Tomorrow's another day  
Yeah  
(Chorus Out)
