

# Is There Somewhere

Halsey

You were dancing in your tube socks in our hotel room  
Flashing those eyes like highway signs  
Light one up and hand it over  
Rest your head upon my shoulder  
Just wanna feel your lips against my skin  
White sheets, bright lights  
Crooked teeth in the night life  
You told me this is right where it begins  
But your lips hang heavy underneath me  
And I promised myself I wouldn't let you complete me  
I'm trying not to let it show  
That I don't wanna let this go  
Is there somewhere you can meet me?'Cause I clutched your arms like stairway railings  
And you clutched my brain and eased my ailing  
You're writing lines about me, romantic poetry  
Your girl's got red in her cheeks  
'Cause we're something she can't see  
And I try to refrain, but you're stuck in my brain  
And all I do is cry and complain  
Because second's not the same  
I'm sorry, but I fell in love tonight  
I didn't mean to fall in love tonight  
You're looking like you fell in love tonight  
Can we pretend that we're in love?  
I'm sorry, but I fell in love tonight  
I didn't mean to fall in love tonight  
You're looking like you fell in love tonight  
Could we pretend that we're in love?
