

# I Don't Care

Tom MacDonald

Honestly I'm sick of death and hearing the complains  
Everybody wants to tell me how I've changed  
I think somehow I'm responsible for bodies filling graves  
If I made the songs they wanted were they fans  
I could have saved?  
Man that's a lotta weight  
Wait I thought it would be great to entertain  
And now I understand why mumble rappers say the things they say  
They don't want any obligation to the fanbase they create  
I guess my morals won't allow me to be famous if it's fake  
I barely made it I was livin' in the ghetto always prayin'  
My potential wouldn't go to waste before I could escape it  
I just had a mental breakdown  
Rent was due I couldn't pay it  
Killing roaches scraping guts off all  
the plates and being patient ay  
Livin' in the hood could have got me kill  
Kitchen full of rats stomach never fill  
They cut off the lights could have pay the bills  
I was always shake couldn't buy the pills Girlfriend almost left me  
We were broken we were desperate  
Right before it got too heavy  
I went viral off a record ay Never signed the deal I did it on my own  
I made all the beats I write every song  
Did not all believe I did it all alone  
Told me I was weak I show 'em I was strong  
Never should have bet against me  
Thought my anxiety was gonna rack me  
Thought my depression will get to  
my head for a second and leave  
But they never left me  
[Chorus]  
Everybody says I've changed up I've changed up  
'Cause I had nothing then I came up came up  
Now I'm someone they are afraid of afraid of  
So say some say some woah  
Ay yo everything you say bro  
I don't care no I don't care bro  
Fame won't ever make me change so  
I don't care no I don't care no [Verse 2]  
Honestly it's bothered me since I've become this famous  
People comment like I don't see what they're saying

I get death threats every day and so my  
family call me garbage call me racist  
Try to tell my therapist that I'm afraid  
I can't explain it uh  
Back up don't touch me I'm anxious  
All of this money I'm banking  
Don't make me happy I can't win  
Don't get me wrong no I'm thankful  
Wanted to catch and inhabit  
Pressure from standards established  
Amplified anger and sadness  
Can't deny that it did damage  
Ay take the box off me  
Versuri-lyrics.info  
Take off all the chains  
Take the braids out of my hair lay or the tattoos off my face  
Stop comparing me to Hopsin Token NF and em  
I think they're great but so am I and I don't wanna be them  
And I never change but I'm not the same  
I am not the person that I once was  
Alcoholic I was calling mama always try to borrow 50 bucks uh ay  
I put my parents in debt  
I even embarrassed my friends  
I didn't care if I die I was honestly hopefully that I wouldn't wake up again  
But I'm back now  
Knock me down to that nap and now I stand proud  
Last round believe me I'm ready to strap until they back down  
Doctor give me pills told me I was sad  
Never took 'em tho throw 'em into trash  
Made a couple mil' money doesn't last  
Try to smile a bit livin' in the past[Chorus]  
Everybody says I've changed up I've changed up  
'Cause I had nothing then I came up came up  
Now I'm someone they are afraid of afraid of  
So say some say some woah  
Ay yo everything you say bro  
I don't care no I don't care bro  
Fame won't ever make me change so  
I don't care no I don't care no[Verse 3]  
See this Gucci? I bought it  
I won't sell it homie stop it  
This is symbol of the work I did that's finally acknowledged  
This is robbing corner stores while getting soda and some chocolate  
This is bullied all my life by kids at school I ain't forgotten  
This is private that I got by sacrificing food and water  
This is dollars I had after finally paying back my father  
This is failing great and skipping class and dropping out of college  
You can't stop me that's your problem  
I will get it if I want it Stop telling me that I switched

That's my life changed I'm a different guy  
My mama proud my girl's stoked  
My sister happy I didn't die  
They're mad instead of saying "Tom I wish you the best"  
Of course I changed I had to go buy and a bulletproof vest  
'Cause I'm stressed ya  
I'm a mess ya  
I need rest ya  
Wastin' energy on enemies I never met ya  
I need mence ya  
I need bed ya  
What the heck? I just sendta text to see if  
I still have some friends ya  
Not that I'm healthy and nobody help me  
I wanna get every penny in the pennant  
I'm a maddest I'm a racket I'm a [?]  
Got a message I'ma spread it  
And I'm still the person my mama nurse  
To become this version so shoutout mom  
I don't ever sleep every night is long  
Everything is on me Tom[Chorus]  
Everybody says I've changed up I've changed up  
'Cause I had nothing then I came up came up  
Now I'm someone they are afraid of afraid of  
So say some say some woah  
Ay yo everything you say bro  
I don't care no I don't care bro  
Fame won't ever make me change so  
I don't care no I don't care nooo
