

Jewel (feat. Nikki Vianna)

Cash Cash

Rare
This little thing that we got
So rare
I'll always be your rock
We get high, lost in the sky
Side by side
I was so low, dark inside But now, all of me, all of me
All of me shines for you
All of me, all of me
All of me shines for you
I used to have a heart of stone
Rolling, rolling, rolling on my own
But now, all of me, all of me
All of me shines for you (all of me)
Stare (oh-no)
I got my eyes on you (on you)
So rare, oh
I die in clouds right trough We get high, lost in the sky
Side by side
I was so low, dark inside But now, all of me, all of me
All of me shines for you
All of me, all of me
All of me shines for you
I used to have a heart of stone
Rolling, rolling, rolling on my own
But now, all of me, all of me
All of me shines for you (all of me)
All of me, all of me
All of me shines for you
All of me, all of me
All of me shines for you
