Over Again

One Direction

Said I'd never leave her

'Cause her hands fit like my t-shirt

Tongue tied over three words, cursed

Running over thoughts that make my feet hurt

Bodies intertwined with her lipsNow she's feeling so low since she went solo

Hole in the middle of my heart like a polo

And it's no joke to me

So can we do it all over againIf you're pretending from the start like this

With a tight grip, then my kiss

Can mend your broken heart

I might miss everything you said to me

And I can lend you broken parts

That might fit like this

And I will give you all my heart

So we can start it all over againAgain we take the same road two days in the same clothes And I know just what she'll say if I make all this pain go

Can we stop this for a minute

You know, I can tell that your heart isn't in it or with itTell me with your mind, body, and spirit I can make your tears fall down like the showers that are British

Whether we're together or apart

We can both remove the masks and admit we regret it from the startIf you're pretending from the start like this

With a tight grip, then my kiss

Can mend your broken heart

I might miss everything you said to me

And I can lend you broken parts

That might fit like this

And I will give you all my heart

So we can start it all over againYou'll never know how to make it on your own

And you'll never show weakness for letting go

I guess it's still hard if the seed's sown

But do you really want to be alone? If you're pretending from the start like this

With a tight grip, then my kiss

Can mend your broken heart

I might miss everything you said to meAnd I can lend you broken parts

That might fit like this

And I will give you all my heart

So we can start it all over againIf you're pretending from the start like this

With a tight grip, then my kiss

Can mend your broken heart

I might miss everything you said to meAnd I can lend you broken parts
That might fit like this

And I will give you all my heart So we can start it all over again
