Messy

Kiiara

Been sleeping over for the past couple of weeks Making a habit out of it, yeah When I woke up, I saw your toothbrush on the sink It kinda scared me, I'll admitIf there's a line, then I think that we crossed it Second time you stay the night If there's a cool, then I think that I lost it And I should take my own adviceLet's stop before it gets messy Let's stop before it gets heavy It's not too late to say you never met me Let's stop before it gets messy I try to tell myself that you gotta take it slow I always jump in way too fast, yeah If you wake up and I'm not there It's nothing personal Just got some problems from my past, yeahIf there's a line, then I think that we crossed it Second time you stay the night If there's a cool, then I think that I lost it And I should take my own adviceLet's stop before it gets messy Let's stop before it gets heavy It's not too late to say you never met me Let's stop before it gets messy Before it gets messyMessy Take another look at myself Before it gets messy If there's a line, then I think that we crossed it

Second time you stay the night
If there's a cool, then I think that I lost it
And I should take my own adviceLet's stop before it gets messy
Let's stop before it gets heavy
It's not too late to say you never met me
Let's stop before it gets messy
