

# Fools Like Me

Vanessa Carlton

Beware the danger it lurks for those who get swept away  
The dreamers get punished most by the truth  
They say it's all in the little ways one reveals their  
Love's gone away, love's gone away When my hand was in you hand my heart was pure,  
Now I see a different man, rewriting memories  
The dogs run down the beach and all I'm left with is  
Sand in my shoes, sand in my shoes 'Cuz fools like me  
How we love blindly  
And the cracks don't count  
It's gotta break in front of me  
Now I recall that time at the cafe  
The thunderstorm outside words you could never say  
they hold the loudest tones  
You say you'll write  
but it's ink on a page  
just ink on a page But, fools like me  
how we love blindly  
and the cracks don't count  
it's gotta break in front of me And tick tock the time  
Distant look grows in your eyes  
fools never ask afraid what lurks in your mind I always knew  
Somehow always knew  
I always knew the truth.  
'Cuz fools like me  
How we never see  
and the cracks don't count  
its gotta break in front of me  
and It's breaking,  
It's breaking  
It's breaking It's gotta break for me to see  
At least I can say  
I was not afraid  
I loved you all the way  
And I'd pick the fool any day
