Fools Like Me

Vanessa Carlton

Beware the danger it lurks for those who get swept away

The dreamers get punished most by the truth

They say it's all in the little ways one reveals their

Love's gone away, love's gone awayWhen my hand was in you hand my heart was pure,

Now I see a different man, rewriting memories

The dogs run down the beach and all I'm left with is

Sand in my shoes, sand in my shoes'Cuz fools like me How we love blindly And the cracks don't count

> It's gotta break in front of me Now I recall that time at the cafe

The thunderstorm outside words you could never say

they hold the loudest tones

You say you'll write but it's ink on a page

just ink on a pageBut, fools like me

how we love blindly

and the cracks don't count

it's gotta break in front of meAnd tick tock the time

Distant look grows in your eyes

fools never ask afraid what lurks in your mindI always knew

Somehow always knew

I always knew the truth.

'Cuz fools like me

How we never see

and the cracks don't count

its gotta break in front of me

and It's breaking,

It's breaking

It's breakingIt's gotta break for me to see

At least I can say

I was not afraid

I loved you all the way

And I'd pick the fool any day
