

# Now or Never

## Zebrahead

You got to go loco, this ain't no joke yo.  
Too much hype on the television and radio.  
What you wanna buy, and what you wanna be,  
'cause what you want is right there on the TV screen.  
And you be down with what they sellin'.  
MTV got everybody yellin'.  
Get off, get off on it,  
Get off what you want when you want it.  
Get off, get off on it.  
Get off whatcha want whatcha want.  
Runnin' runnin' runnin' through my head.  
They tell you that it's good forever,  
but I know it's now or never.  
Runnin' runnin' runnin' through my head.  
They tell you that it's good forever,  
but I know it's now or never.  
These times are tryin', kid I ain't lying.  
Everyone's got something to sell and you're buying.  
What you wanna look like, what you wanna be,  
What you want is right there on the TV screen.  
You be down with what they sellin'.  
MTV got everybody yellin'.  
Get off, get off on it,  
Get off what you want when you want it.  
Get off, get off on it.  
Get off whatcha want whatcha want.  
Runnin' runnin' runnin' through my head.  
They tell you that it's good forever,  
but I know it's now or never.  
Runnin' runnin' runnin' through my head.  
They tell you that it's good forever,  
But I know it's now or never.  
Take away from me,  
away from me yeah.  
Take away from me,  
away from me yeah.  
Take away from me,  
away from me yeah.  
Take away from me,  
away from me  
Get off, get off on it,  
get off what you want when you want it. (x3)

Get off, get off on it.  
Get off whatcha want whatcha want.  
Get off, get off on it,  
Get off what you want when you want it.  
Get off, get off on it.  
Get off whatcha want whatcha want whatcha want  
Runnin' runnin' runnin' through my head.  
They tell you that it's good forever,  
but I know it's now or never.  
Runnin' runnin' runnin' through my head.  
They tell you that it's good forever,  
But I know it's now or never.  
Take away from me,  
away from me yeah.  
Take away from me,  
away from me yeah.  
Take away from me,  
away from me yeah.  
Take away from me, away from ME!
