Skrillex, Boys Noize & Ty Dolla \$ign

[Verse 1]

I did my best, wasn't good for you
I was the best for both of you
Family and friends , they are close to you
Damn it's so hard to get over you[Chorus]
Late in the midnight hour
You made the worst decisions
I was always there to listen
But this time

[Drop]

Let me talk
Work, work
Let me talk
Work, work

I love it when they try to get[Verse 2]
Tried to prove myself to you baby
I been stayin' down, waiting patient
Taking me through all of your phases
How you trade it all, trading places[Chorus]
Late in the midnight hour
You made the worst decisions
I was always there to listen
Not this time

[Drop]

Let me talk

I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on me
Let me talk like

Don't make me have to embarrass you

Just love me down, on the way home
Told you I ain't ever been wrong
I know you haven't put me in the friend zone
Pipe, touch down, I'm in the end zone
Bust down on her friends though[Refrain]

I was playing my position
You kept missing[Chorus]
